

**Beth-Ellen Pennell** is the Director of Survey Research Operations at the Survey Research Center, Institute for Social Research, University of Michigan. Ms. Pennell received her Masters Degree in Applied Social Research at the University of Michigan in 1997. Ms. Pennell also serves as the Director of the Data Collection Coordination Centre for the World Health Organization's (WHO) World Mental Health Survey Initiative, a series of comparative epidemiological surveys of the prevalence of mental disorders, patterns of help seeking for these disorders, and barriers to treatment for these disorders in 28 countries around the world. She is also Director of the WHO Composite International Diagnostic Interview (CIDI) Training Center at the University of Michigan. Ms. Pennell has more than 30 years of experience in the design and execution of complex surveys. She recently led an initiative of the Comparative Survey Design and Implementation Workshop (CSDI) <http://www.csdiworkshop.org/> to develop and promote internationally recognized guidelines that highlight best practice for the conduct of comparative survey research: <http://ccsg.isr.umich.edu/> . Ms. Pennell is also a frequent contributor to the Survey Research Center's Summer Institute in Survey Research Techniques.
